

The Taunton Contributory Retirement System is conducting a fixed income manager search, under the guidance of its investment consultant, Greg McNeillie. The fund has approximately \$450 million in assets. The search is for three separate allocations of \$20 million each (\$60mm total), which may be allocated to any combination of Core, Core Plus or High Yield fixed income managers. Managers may submit multiple products, but must do so in separate emails. All proposals will be evaluated by the investment consultant and recommendations will be made to the client. The final decision will be made by the Trustees.
